Monthly update

Eric Stevens (e_stevens@cox.net)

ARMS President

Well, officially fall is here although the temps don't always reflect it. As some of you know, we have set the dates for our 2010 fun fly. They are February 26 thru 28, 2010. It appears that Las Vegas has moved up there dates by one week, so there will only be 2 weeks between ours and theirs.

However, it also appears that the competition, which preceded their event the last two years, has been dropped. What this means is that we may get back some of the pilots that we lost. I recently attended the Albuquerque fun fly. Several people I talked to had attended the Las Vegas fun fly in the past several years and mentioned that it was crowded and hard to fly. I believe that we offer a much better event for people to attend and be able to get a lot of flying in.

One area we need to discuss is what and how many events we will have at our fun fly. I have CD'd this event for some time and know from firsthand experience that multiple events can slow down the entire fun fly. The past several years we haven't had enough interested pilots to run a novice or intermediate event. I would like everyone's input as to whether we should run events or just run a couple. I would like to offer Saturday night pizza with our night flying. I believe that the night flying should be a viable event as well as the autorotation event. Let me know.

Next Meeting

October 1, 2009 @ 7:00pm

Deer Valley Airport

In this newsletter there are some pictures I took from Albuquerque. Richard Polkington and I attended. We both had a great time and I hope the pictures show that. That's it for this month. Please remember that elections are in November, so if you want to run let's hear your voice.
