November 2008

Message from the President

Monthly update

Eric Stevens (e_stevens@cox.net)

ARMS President

It's November and that means elections time. This is your chance to participate if you so desire. It is also dues time. Dues can be paid to one of the club officers or mailed to the club post office box.

November will be a busy month at Sun Valley with an electric fly on Saturday, November 8 and a pattern event the weekend of the 15th and 16th. I know this is an inconvenience; however there won't be any more events until February and March 2009, one of which is our event. I am optimistic for our event, but we should be prepared should the economy not start to perk up by then. Over the years I have tried to keep costs down and we haven't lost money to date so I think we will be o.k. Bob Bayless is working on the vendors and with our resident magnet pilot, Jason, which should see some good pilots. I know this month's column is a little short, but it's been a busy time. Hope to see everyone out at the field.

Eric

Technical Tips/For Sale

Zippy-H 5S-3300 Lipo pack

Paul Clifton Jr. (pcliftonjr@cox.net)

ARMS Secretary

In keeping with my current theme of going cheap ;), I've found another very nice Lipo from Hobby City. This one is they're 5S-3300 pack. Physically it's a bit larger and around ¼ oz heavier than the TP 3300. I've got around 20 flights on it and it's holding up really well. They also make a 6S version. Here are links with more info:

Notes from the Editor

Need input...

Paul Clifton Jr. (pcliftonjr@cox.net)

ARMS Secretary

I wasn't able to make out to the field much last month. If you've got pictures or reviews to add, please pass them my way.

Paul
